

Unit Rate Coloring

Directions: Solve the problem, and circle one of the two answers. On the coloring sheet, color all of the problems accordingly. For example, if number one has an answer of 10 tickets for \$4.50, color all of the number ones RED.

Number	Problem	Answer 1	Answer 2
<p>1</p> 	<p>You and a group of friends are going to the carnival. You have \$5 you want to spend and you come to these ticket booths. Which is a better deal?</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="border: 1px solid black; padding: 5px; background-color: #cccccc;">12 tickets for \$4.68</div> <div style="border: 1px solid black; padding: 5px; background-color: #cccccc;">10 tickets for \$4.50</div> </div>	<p>12 tickets for \$4.68</p> <p>Orange</p>	<p>10 tickets for \$4.50</p> <p>Red</p>
<p>2</p>	<p>At the carnival, you decide to have lunch at a hotdog stand, <i>NACHO HOTDOG</i>. There are two types of dogs, but what's the better buy?</p> <div style="display: flex; align-items: center; margin-top: 20px;"> <div style="margin-right: 20px;"> <p>Hotdogs</p> <p>2 oz. \$2.79</p> <p>3 oz. \$2.98</p> </div>  </div>	<p>3 oz. for \$2.98</p> <p>Pink</p>	<p>2 oz. for \$2.79</p> <p>Dark Green</p>
<p>3</p>	<p>You're going to need a drink with your dog. Here's the deals <i>Nacho Hotdog's</i> has going on right now on their soda: What's the better deal?</p> <div style="margin-top: 20px;"> <p>Nacho Soda</p> <p>12 oz. \$1.29</p> <p>14oz. \$1.49</p> </div>	<p>12 oz. for \$1.39</p> <p>Dark Blue</p>	<p>14 oz. for \$1.49</p> <p>Light Green</p>

<p>4</p> 	<p>After lunch, you see the bumper cars and want to ride them. Here's what the sign says. Which one gives you more time for your money?</p> <p>Bumper Cars: 6 minutes: 8 tickets 8 minutes: 12 tickets</p>	<p>6 minutes for 8 tickets</p> <p>Black</p>	<p>8 minutes for 12 tickets</p> <p>Gray</p>
<p>5</p>	<p>You and your friends have been looking forward to having your faces painted. You can be charged \$10 for 5 minutes of painting or \$12 for 7 minutes of painting. What's the better deal?</p>	<p>\$10 for 5 minutes</p> <p>Tan</p>	<p>\$12 for 7 minutes</p> <p>Red</p>
<p>6</p>	<p>After face painting, you stop by the Wax Hands cart and the owner is having a sale! You could have 3 colors for \$7.49 or 4 colors for \$8.99. What's the better deal for the wax hand?</p>	<p>4 colors for \$8.99</p> <p>Purple</p>	<p>3 colors for \$7.49</p> <p>Hot Pink</p>
<p>7</p>	<p>After a few rides, your friends are ready for some ice cream! You stop into <i>Scoops to You</i> for some ice-cream. Which is the better deal?</p> <p>3 scoops \$3.49 2 scoops \$2.69 1 scoop \$1.79</p> 	<p>2 scoops for \$2.69</p> <p>Yellow</p>	<p>3 scoops for \$3.49</p> <p>Light Blue</p>
<p>8</p>	<p>You make your way over to the carnival games. To play, you could buy 6 balls for \$4.00 or 4 balls for \$2.50. What's the better deal?</p> 	<p>6 balls for \$4.00</p> <p>Dark Green</p>	<p>4 balls for \$2.50</p> <p>Light Brown</p>

<p>9</p> 	<p>The carnival also offers two magic shows. The morning show is only 20 minutes and it costs \$3.75. For the afternoon show, it is 35 minutes and costs \$5.25. Which show would give you more for your money?</p>	<p>20 minutes for \$3.75</p> <p>Orange</p>	<p>35 minutes for \$5.25</p> <p>Yellow</p>
<p>10</p>	<p>Don't forget about Ellie the elephant. Her trainer will let you feed her peanuts if you'd like. You can purchase 50 peanuts for \$3.00 or 75 peanuts for \$3.50. Which is the better deal to feed Ellie?</p>	<p>50 peanuts for \$3.00</p> <p>Silver</p> 	<p>75 peanuts for \$3.50</p> <p>Brown</p>
<p>11</p>	<p>This is it! This is the roller coaster you've been waiting for! Finally, you've talked your friends into riding it with you! In one cart, you can fit up to 2 people, but it is 6 tickets. If you ride alone it is 4 tickets. What's the better deal, since your tickets are running low?</p>	<p>alone for 4 tickets</p> <p>Red</p>	<p>2 people for 6 tickets</p> <p>Dark Blue</p>
<p>12</p>	<p>One last stop before you head home. You and your friends are worn out, but you can't help but stop for a candy apple to eat on the ride home from Snack Centra. Yum! You would like to take some home to your family, so what's the best deal? You can purchase 5 apples for \$6.25 or 8 apples for \$9.25. What's the best way to spend your last few bucks?</p>	<p>5 apples for \$6.25</p> <p>Lime Green</p>	<p>8 apples for \$9.25</p> <p>Gray</p>
